

Series: Inside God - The Attributes of Our Creator

Sermon: Unchanging (Immutability)

Bible Verses: Matthew 7:21-27

By: Jeff Piepho

Date: 6-17-2018

Common quote: "The only thing that doesn't _____ is _____ itself."

One of God's attributes is *immutability*. God does _____.

Malachi 3:6: I the Lord do not change

Jesus says everyone who follows his words is like someone building their house with a _____ that does not shift, crack, or change.

Immutability is an incommunicable attribute of God's. We do _____.

"All that God ever was, God still is. All that God was and is, God will _____."

- From "The Attributes of God" by A.W. Tozer, Page 99

WHAT DOESN'T CHANGE?

A. God's _____ does not change. The _____ of being he is, God's fundamental nature, will never change; he'll never **not** be God.

B. God's _____ never change. The characteristics that make up who God is, will be the same tomorrow as they were yesterday.

God isn't at the "maximum level of greatness." God _____ great. Greatness is his _____ and that cannot change.

C. God's _____ and _____ are unchangeable. He knows what he is doing and will never "decide to take the universe in a different direction."

The Bible uses many anthropomorphisms; that is assigning a _____ like characteristic to something non-human (such as God). Examples: God " _____ " in Psalm 78 and has " _____ " in Deuteronomy 4.

What about prayer? God _____ and his plans don't change, but because of our prayer God pre-decided to change _____ things.

God doesn't change but we can change and become _____ (or _____) so we must build our changing lives on the rock of his unchanging nature and plans.
