I have behaviors that drive the outcomes of my life without realizing it. This is true for _____
too. I have ways of _____ that have put me in the situation I'm in.

I do not want to be the type of person who _____ to know God, has thoughts about God,
but really _____ all the stuff: the food, clothing, houses, etc.

Jesus gives three reasons why I shouldn't "store up" treasures on Earth:

1. It can be _____.
2. It can be _____.
3. Wherever I store my treasure is what I _____.

My biggest money problem is that

_____!

If I change the amount of stuff I _____,
then my worry, anxiety, and desires will change.

Practical Application: The more I have, the _____ and the worse I will feel and
the more distracted I'll be. So, I should _____ STUFF that I have
now. I should _____ everything I don't need or highly desire.

Practical Application: Jesus says I must control my "eye" and what I look at and think about. I must be ruthless
in my efforts to _____ and what my mind is
thinking about. Am I think about money and material things or God, Spiritual things, and Church?

Jesus says I'm going to be a slave to God or a slave to money; But I get to _____.

Practical Application: I have to fight the _____ to not worry about
material things and fully trust and believe that _____ for my needs.

Cool dopamine fact that backs up what Jesus says: when you

_____ *your brain later gets pleasure.*

So, if I extremely limit my spending and throw out material possessions I will actually feel better.
